American Indian Scholarships
5106 Grand Avenue, N.E.
Albuquerque, NM 87103
Commonwealth of Virginia Scholarship Programs

Virginia Medical Scholarship

EVMS and the Commonwealth of Virginia provide $10,000 scholarships each year. These scholarships are awarded by the Commissioner of Health of the Commonwealth of Virginia to MD students who agree to enter primary care and practice in a physician shortage area in Virginia after their residency program. During the application process, preference is given to Virginia residents. However, out-of-state residents who are interested in practicing in Virginia are strongly encouraged to apply.

Upon selection, students are required to sign contracts agreeing to pursue medical studies at EVMS until graduation and complete a residency program of not more than three years at a hospital or institution approved by EVMS. Upon completion of the residency, students are required to engage continuously in primary care (defined as family practice, obstetrics-gynecology, general internal medicine or pediatrics) in a physician-shortage area of Virginia or serve as an employee of the Virginia Department of Health, the Virginia Department of Mental Health and Mental Retardation and Substance Abuse, the Virginia Department of Youth Services or the Virginia Department of Corrections for a period of years equal to the number of years for which students received a scholarship. If a student fails to comply with the terms of the contract, the scholarship becomes a loan two times the amount of the original scholarship received, immediately payable in full with interest.

Scholarships for Virginia Residents: see list above for more information

Chesapeake Medical Society Scholarship: Hubert W. Kuehn Scholarship
