1.0 PURPOSE:

The purpose of this RFP is to provide information to responsible bidders (referred throughout this RFP as “Offeror(s)” and/or “Contractor(s)”) in order to solicit competitive proposals (“Proposals”) in accordance with the policies of Eastern Virginia Medical School to establish a contract for Vending Machine Services.

2.0 BACKGROUND

Eastern Virginia Medical School (EVMS) was born of necessity in 1973, the result of a community-led effort to improve health care in a region then plagued with a severe shortage of physicians. Patients often had to leave the area in search of specialized care. Today, the region enjoys modern medical facilities and a full-range of medical specialties. As community leaders foresaw, EVMS was a catalyst for change, playing a key role in the region’s medical renaissance through its commitment to education, research and patient care.

Education

EVMS offers a variety of graduate and doctoral degrees in the medical and health professions. Interest in all programs continues to grow. In the most recent year, EVMS received nearly 8,000 applications for 450 openings. The school now has 6,800 graduates who practice throughout Hampton Roads, across Virginia and around the globe. EVMS also provides specialty training for some 300 medical residents annually and offers Continuing Medical Education to thousands of health-care professionals practicing in the region.

Research

EVMS is the largest biomedical research institution in southeastern Virginia. More than 100 EVMS faculty members are engaged in basic and clinical research focused in areas where the community has pressing needs. Innovative research has brought EVMS to the forefront of groundbreaking discoveries — from the pioneering of in vitro fertilization in America, to the recognition of new cancer detection and treatment methods and innovative therapies for individuals suffering from the debilitating side effects of diabetes. We continually strive to enhance our research enterprise in order to improve the health of the people of Hampton Roads and beyond.

Patient Care

What once was one of the nation’s most medically underserved communities is today a destination for people from around the country seeking the best available care. For the 1,500 people each day who receive high-quality, patient-centered care at more than 20 convenient EVMS Medical Group locations across the region, it equates to the best possible care, delivered with a healthy dose of compassion.

It is strongly recommended to email the proposal well in advance to avoid the potential for delays in delivery which would render the submittal untimely.

3. **Proposal Acceptance Period:**

All Proposals must be received by the Due Date and time found on page 1 of this RFP (the "RFP Close"). Proposals received after RFP Close will not be considered. RFP modifications, unless requested by EVMS and posted to all Offerors on the EVMS RFPs website, will not be considered.

4. **Proposal Withdrawals:**

At the sole discretion of the Offeror(s), Proposals may be withdrawn at any time prior to the RFP Close. After RFP Close, letters to withdraw a Proposal will not be accepted and Proposals will remain valid until an award is made and a contract is executed or the RFP is canceled. If an award is not made within 120 days from

the RFP closure date, the Proposal may be withdrawn at the written request of the Offeror.

C. Proposal Preparation:

1. Proposals shall be signed by an authorized representative of the Offeror (Attachment B). All information requested should be submitted to ensure consideration as a responsive bidder. Failure to submit all information requested may result in the following:
 - a. EVMS may reject the Proposal as unresponsive. Proposals, which are substantially incomplete or lack key information, may be rejected by EVMS; or,
 - b. EVMS may lower the overall evaluation score due to missing information; or,
 - c. EVMS may require prompt submission of missing information within a prescribed time period and/or the Offeror shall receive a lower overall evaluation score due to missing information lowered evaluation of the Proposal. If after being given an opportunity to submit missing information, the Offeror does not provide all of the requested information then subsections 7.0 C (1)(a) and (b) above apply.
2. All information above must be submitted along with the RFP cover sheet (Attachment A) and an Entity Data Sheet (Attachment C). Failure to submit all information requested may result in EVMS requiring prompt submission of missing information and/or giving a lowered evaluation of the Proposal. EVMS may reject Proposals, which are substantially incomplete or lack key information.
3. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content and include or address the following:
 - a. **Organization** - Proposals should be organized in the order in which the requirements are presented in the RFP;
 - b. **Pagination** - All pages of the Proposal should be numbered;
 - c. **Paragraph Structure** - Each paragraph in the Proposal should reference the paragraph number of the corresponding section of the RFP and it is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page;

- d. **Table of Contents** - The Proposal should contain a table of contents, which cross-references the RFP requirements; and,
- e. **Additional Information** - Information which the Offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the Proposal and designated as additional material.

Incomplete Proposals or Proposals which lack clarity of contact and organization may risk a reduced evaluation score or elimination from consideration.

- 4. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the critical requirements. “Must” and “shall” identify requirements where absence will have a major negative impact on the suitability of the Project and/or mandatory requirements, which are required by law or regulation and as such they cannot be waived and are not subject to negotiation. This includes any applicable prime award funding flow-down provisions, which are mandatory and/or required as applicable. Any federal standard provisions are an example of mandatory terms and conditions that are not subject to negotiation. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact on the Project and would be useful, but are not absolutely necessary or required. The inability of an Offeror to satisfy a “must” or “shall” requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offerors’ Proposal.
- 5. Each copy of the submitted Proposal contained in a single volume where practical (i.e., binder, stapled, or otherwise secured so that the pages will not easily separate or come loose). All documentation submitted with the Proposal should be contained in that single volume.
- 6. All expenses involved with the preparation and submission of Proposals to EVMS, or any work performed in connection therewith, shall be borne by the Offeror. No payment(s) will be made for any responses received; or, for any other effort required of or made by the Offeror(s) prior to commencement of work as defined by a fully executed contract.
- 7. Ownership of all data, materials, and documentation originated and prepared for EVMS pursuant to the RFP shall belong exclusively to EVMS and may be subject to public inspection in accordance with the Virginia Freedom of Information Act (FOIA) unless a confidentiality or non-disclosure agreement is signed by the parties.

D. Oral Presentation:

Offerors who submit a Proposal in response to this RFP may be invited or required to give an oral presentation of such Proposal to EVMS. This provides an opportunity for the Offeror to clarify or elaborate on the Proposal. This is a fact finding and explanation session only and does not include negotiation. If such oral presentations are deemed

appropriate at the sole discretion of EVMS, EVMS will schedule the time and location for such presentations. Oral presentations, including telephone, video/internet conferencing are available at the sole discretion of EVMS and may or may not be conducted.

E. Specific Proposal Instructions:

- A. The contractor shall comply with all applicable federal, state and local laws, rules and regulations.
- B. Anti-Discrimination: By submitting their proposals, offerors certify to the Medical School that they will conform to the provisions of the Civil Rights Act of 1964, as amended as well as the Virginia Fair Employment Contracting Act of 1975 as amended, where applicable. If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and may be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided.

In every contract, the provisions 1 and 2 below apply:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
 2. The contract will include the provision of 1 above in every subcontract or purchase order, so that the provisions will be binding upon each subcontractor or vendor.
- C. Ethics In Contracting: By submitting their proposal, offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any Medical School employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.
- D. Immigration Reform and Control Act of 1986: By submitting their proposals, offerors certify that they do not and will not during the performance of this contract employ illegal

alien workers or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

- E. Debarment Status: By submitting their proposals, offerors certify that they are not currently debarred, enjoined or suspended by the Commonwealth of Virginia, from submitting bids or proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred. Also, offerors certify that they are not on the Department of Health and Human Services (HHS) and Office of Inspector General's (OIG) monthly list of excluded individuals/entities for any mandatory or permissive exclusions.

- F. Antitrust: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Medical School all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Medical School under said contract.

- G. Mandatory Use of Terms and Conditions for RFPs: Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the proposal; however, the Medical School reserves the right to decide, on a case-by-case basis, in its sole discretion, whether to reject such a proposal.

- H. Clarification of Terms: If any prospective offeror has questions about the specification or other solicitation documents, the prospective offeror should contact the buyer whose name appears on the face of the solicitation no later than five working days before the due date. Any revisions to the solicitation will be made only by addendum issued by the buyer.

 - a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the purchase order number and the contract number.
 - b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
 - c. All goods and services provided under this contract/purchase order, shall be billed by the contractor at the contract price, regardless of which department is being billed.
 - d. The date of postmark shall be deemed to be the date of payment in all cases where payment is made by mail.

- e. **Unreasonable Charges.** Under certain emergency procurements and for most time and materials purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Medical School shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within sixty (60) days of notification.

2. To Subcontractors:

- a. A contractor awarded a contract under this solicitation is hereby obligated:
 - i. To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Medical School for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or

The date of mailing of any payment by U.S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Medical School.
- J. Precedence of Terms:** The following General Terms and Conditions APPLICABLE LAWS AND COURTS, ANTI-DISCRIMINATION, ETHICS IN CONTRACTING IMMIGRATION REFORM AND CONTROL ACT OF 1986, DEBARMENT STATUS, ANTITRUST, MANDATORY USE OF TERMS AND CONDITIONS, CLARIFICATION OF TERMS, PAYMENT shall apply in all instance.  - a. By mutual agreement between the parties in writing; or
 - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed subject to the Purchasing Department's right to audit the contractor's records and/or to determine the correct number of units independently; or

The Purchasing Department shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Department within thirty (30) days from the date of receipt of the written order from the Purchasing Department.

The Offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts, and technical detail to enable the Medical School to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the offeror clearly indicates in its proposal that the product offered is an equal product, such proposal will be considered to offer the brand name product referenced in the solicitation.
- S. Transportation and Packaging: By submitting their proposals, all offerors certify and warrant that the price offered for FOB destination includes only the actual freight rate costs at the lowest and best rate and is based upon the actual weight of the goods to be shipped.
