During the pandemic, local news media have depended on the expertise of EVMS representatives such as public health expert Brian Martin, PhD, above, for important, unbiased information.
Eastern Virginia Medical School/EVMS

EVMS enjoys a unique relationship with the people of southeastern Virginia, an area known as Hampton Roads. It began when community leaders created EVMS in 1973 to address the region’s serious shortage of physicians. Today, the relationship is stronger than ever as EVMS continues to safeguard the community’s health.

For instance, EVMS has added and enlarged educational programs to keep pace with the region’s growth. Similarly, the school’s clinical and research missions are tailored to address the health issues that confront the people of Hampton Roads. EVMS researchers and physician-scientists work together to rapidly translate laboratory discoveries into new treatments to help patients.

Given EVMS’ deep roots in the community, it’s no surprise that students, faculty and staff embrace the school’s commitment to service. Richard V. Homan, MD, President and Provost and Dean of the School of Medicine, is fond of saying that community service is a part of the school’s DNA. And in fact, “service learning” is now an integral part of the medical school curriculum, encouraging a lifelong commitment to service.

On the following pages, you will learn more about the breadth and depth of the EVMS impact in this community and beyond.

---

**EVMS BY THE NUMBERS**

Estimated community service hours in FY 2019 for EVMS students, faculty and staff: 101,662

Journal articles, books and book chapters authored by EVMS faculty: 589

Number of current medical and health professions students: 1,384

Number of student applications received: 9,228

Medical residents, interns and fellows training in 39 educational programs: 387

Patient appointments: 421,902

Total annual budget: $262 million

State appropriations: $31.2 million

Active grants and contracts: 200

---

Statistics presented in this booklet are from fiscal year 2020 unless otherwise noted.

EVMS Mission
Eastern Virginia Medical School is an academic health center dedicated to achieving excellence in medical and health professions education, research and patient care. We value creating and fostering a diverse and cohesive faculty, professional staff and student body as the surest way to achieve our mission. Adhering to the highest ethical standards, we will strive to improve the health of our community and to be recognized as a national center of intellectual and clinical strength in medicine.

Our Vision
Eastern Virginia Medical School will be recognized as the most community-oriented school of medicine and health professions in the nation.

EVMS Board of Visitors
The Board of Visitors is the governing body of EVMS. Members are appointed by the governor, both houses of the state legislature, the cities that support the school and the EVMS Foundation.

EVMS educational programs are tailored to meet the workforce demands of the region, the state and the nation.
Education
EVMS attracts applicants from across the country who seek out the school’s collaborative environment and share the institution’s commitment to community service.

In addition to the MD program, the school offers training in a growing number of health professions. EVMS also trains medical school graduates in their chosen specialty, provides sub-specialized fellowship training and sponsors ongoing Continuing Medical Education.

Graduate Medical Education (Residency Training)
Once they graduate from medical school, new physicians must go through at least another three years of training in their chosen specialty. The duration of this residency varies from specialty to specialty. EVMS hosts 387 residents in 39 residency, fellowship and internship programs:

Combined Internal Medicine/Geriatrics
Dermatology
Pediatric Dermatology Fellowship
Emergency Medicine
International Wilderness Fellowship
Medical Services Fellowship
Ultrasound Fellowship
Family Medicine
Internal Medicine
Endocrinology, Diabetes & Metabolism Fellowship
Geriatrics Fellowship
Hospice & Palliative Medicine Fellowship
Hospitalist Fellowship
Infectious Disease Fellowship
Nephrology Fellowship
Pulmonary/Critical Care Fellowship
Sleep Medicine Fellowship
Obstetrics/Gynecology
Maternal-Fetal Medicine Fellowship
Reproductive Endocrinology and Infertility Fellowship
Ophthalmology
Otolaryngology

Pediatrics
Child Abuse Fellowship
Emergency Medicine Fellowship
International Pediatric Emergency Medicine Fellowship
Simulation in Medical Education Fellowship
Physical Medicine & Rehabilitation
Pain Medicine Fellowship
Podiatry
Psychiatry
Radiology
Mammography Fellowship
Surgery
Critical Care Fellowship
Vascular Surgery Fellowship
Vascular Surgery Integrated Residency
Urology
Adult & Pediatric Genitourinary Reconstructive Fellowship

Teaching Affiliates
EVMS does not own a hospital. Instead, the school has established working relationships with healthcare facilities across the region where student and medical residents learn in a variety of clinical settings. In addition to the major facilities listed below, EVMS also has teaching affiliations with approximately 150 private practices and 10 additional clinical facilities throughout Hampton Roads.

Beth Sholom Village [Virginia Beach]
Bon Secours DePaul Medical Center [Norfolk]
Bon Secours Maryview Medical Center [Portsmouth]
Chesapeake Regional Medical Center
Children’s Hospital of The King’s Daughters [Norfolk]
Eastern State Hospital [Williamsburg]
Naval Medical Center Portsmouth
Riverside Behavioral Health Center [Hampton]
Riverside Rehabilitation Institute [Newport News]
Sentara Careplex Hospital [Hampton]
Sentara Leigh Hospital [Norfolk]
Sentara Norfolk General Hospital
Sentara Obici Hospital [Suffolk]
Sentara Princess Anne Hospital [Virginia Beach]
Sentara Virginia Beach General Hospital
Veterans Affairs Medical Center Hampton
Continuing Medical Education (CME)
Educational activities sponsored by Continuing Medical Education (CME) help physicians maintain competence and skills to provide the highest level of patient care in the Hampton Roads area. The EVMS CME office has received the highest level of accreditation, with commendation, from its accrediting body.

Hours of CME offered: 2,226
Number of activities: 904
Attendees at EVMS CME activities: 9,570

Medical Modeling and Simulation
EVMS was among the first medical schools in the country to use “standardized” patients — trained individuals who portray patients — to teach students how to perform clinical exams and how to communicate effectively with patients. With the establishment of the Sentara Center for Simulation and Immersive Learning at EVMS, the school continues to be an innovator in developing new ways to use technology to teach common medical procedures and to provide students with a safe environment in which to practice and perfect their technique. The simulation center is accredited by the Society for Simulation in Healthcare.

The center has logged more than 66,000 hours of simulation training at the facility with 26,193 learners — both from EVMS and other institutions locally
The center also works offsite with 80 external clients, including other medical schools
The center has recently begun offering life-support courses, with 19,259 students certified in basic and advanced lifesaving training
Staff includes 23 full-time and 140 other employees, including standardized patients and life-support instructors

Accreditation
Below are the major agencies that accredit educational programs and activities at EVMS.
Commission on Colleges of the Southern Association of Colleges and Schools
Liaison Committee on Medical Education
Accreditation Council for Graduate Medical Education
Accreditation Council for Continuing Medical Education

</table>
In keeping with the institution’s community-focused mission, much of the research EVMS scientists and physicians conduct is driven by the region’s pressing health needs.
Research
More than 100 EVMS faculty members are engaged in basic and clinical research focused in areas where the community has pressing needs. EVMS continually strives to enhance its research enterprise in order to improve the health of the people of Hampton Roads and beyond. EVMS carries out focused research in several specialty centers, including:

**Biorepository**
A College of American Pathology accredited program to acquire, process and share bio-specimens for biomedical research.

**Center for Integrative Neuroscience and Inflammatory Diseases**
Conducts basic and translational research in movement disorders and neurocognitive decline.

**Leroy T. Canoles Jr. Cancer Research Center**
Dedicated to translational research studies that lead directly to improved care and new biomarkers.

**Clinical programs with community outcomes**
The Glennan Center for Geriatrics and Gerontology and the Community Health and Research division of Pediatrics conduct research on the special needs of the community.

**CONRAD**
The center focuses on prevention of sexually transmitted diseases in developing countries.

**EVMS-Sentara Healthcare Analytics and Delivery Science Institute**
Conducts collaborative epidemiological research to improve population health management and healthcare delivery.

**Jones Institute for Reproductive Medicine**
Conducts research in menopause, infertility, contraception, pre-implantation genetic diagnosis and more.

**National Center for Collaboration in Medical Modeling and Simulation**
A joint project of EVMS and academic, governmental and commercial partners that works to improve patient care by advancing simulation-based training.

**Strelitz Diabetes Center**
Conducts a broad range of research focused on minimizing complications of diabetes and developing new treatments to prevent or reverse Type 1 diabetes.

**Technology Highlights**
- US patents and applications: 67
- Licenses: 16
- Licensing & royalty income: $49.5 million

Figures reflect active metrics, current as of Oct. 2020

**George L. Wright Jr. Center for Biomedical Proteomics**
Provides state-of-the-art mass spectrometers and analytical tools for biomarker discovery & proteomic disease analysis.

In addition to the centers, many departments also conduct research in a myriad of areas, including:

- Complement and inflammation modulation
- Ear, neck and head disorders
- Emergency medical treatments
- Health disparities
- Infectious disease and immunology
- Maternal-fetal medicine, general obstetrics, gynecology and urogynecology
- Psychiatric and behavioral disorders
- Pediatric diseases, genetics, neonatology
- Surgical procedures
- Urologic disorders

**Basic, Translational & Clinical Research**
- Active grants and contracts: 200
- Annual funding: $22.2 million
- NIH primary funding: $4.93 million
- NIH primary awards: 22
- NIH secondary awards: 36

* These numbers represent research begun in FY 2020 and existing research that continued during that time period. Figures are accurate as of Oct. 2020

**Research Publications**
Scholarly activity is one measure of an institution’s research output. Researchers typically submit their study results to peer-reviewed publications so that colleagues everywhere can keep pace with the latest discoveries and developments. Below are figures related to articles and publications authored by EVMS faculty.

- Journal articles: 589
- Books and book chapters: 33

622 journal articles, books and book chapters
EVMS faculty members not only train students and medical residents, they provide world-class medical care to more than 1,600 people every day.
Patient Care
EVMS full-time physicians and EVMS-affiliated physicians and healthcare providers care for patients in locations throughout the region. Many are sought after by patients near and far in search of the best-available care and innovative treatments.

Some of the care is unique. For instance, EVMS specialists are the only ones in the region to provide care for women experiencing high-risk pregnancies.

EVMS Medical Group
More than 150 full-time physicians and 40 physician extenders are affiliated with EVMS Medical Group, a not-for-profit physician group supporting EVMS. In addition to their duties as teachers and scientists, these physicians and surgeons care for more than 1,600 people every day at 29 clinical practice sites.

Community

Established through a grassroots campaign, EVMS was founded by the community for the community. So it should come as no surprise that EVMS enjoys a special connection with the people of Hampton Roads.

Faculty, students and staff strive daily to fulfill the school’s vision to be the nation’s most community-oriented school of medicine and health professions.

COVID-19 temporarily curtailed many of the 120+ EVMS community initiatives. But the statistics for the prior year provide insight into the extensive nature of the outreach. For instance, EVMS students provided more than 100,000 hours of community engagement during fiscal year 2019. That includes 3,182 student encounters (an average of more than two per student). That does not include participation by 367 faculty.

Some of those initiatives are first-of-their-kind, such as the HOPES Free Clinic, the first student-run free clinic in Virginia. Others track their roots back to the early days of the school that is nearing its 50th anniversary.

Among the longest-running initiatives is the Medical & Health Specialties Program at Norfolk’s Maury High School. The program brings high school students with an interest in a career in health or medicine to the EVMS campus on a regular basis.

One of the school’s newer initiatives is Community Impact Day. Each fall, before they even have their first classes, new EVMS medical and health professions students participate in a community service project. The event introduces students to the school’s community-engaged heritage and exposes them to issues relating to social justice, health equity and the social determinants of health.

“I have been so impressed with the creativity and ingenuity of our students during this unprecedented time. They have been tireless and unstoppable in reaching out to some of Norfolk’s most vulnerable and in need.”

Amanda Gibson, MD, HOPES Clinic Director
EVMS opened in 1973 with just 27 students. Today, there are nearly 1,400 students in 20+ programs designed to meet the workforce needs of the community.
Financial Overview
EVMS is a state-assisted, independent, community-based medical school. Unlike most medical schools, EVMS does not own a hospital and is not part of a larger university system.

EVMS has seen steady growth in the last several years. The school continues to enjoy strong support from business, organizations and individuals who appreciate its value to the community.

“[EVMS] is a true success story. And it’s a community success besides because so many people from the community and the cities are involved. It’s a group of people coming together for a very vital task and doing some very good things.”

Economist James Koch, PhD

Economic Impact
When noted regional economist James Koch, PhD, last reported on his evaluation of the school’s economic imprint on the region in 2017, he found that EVMS-related economic activity grew at more than twice the pace of the region in the last five years. He estimated the school’s annual impact at $1.2 billion, a 21.4 percent increase from just five years earlier.

Annual economic impact: $1.2 billion
EVMS rank among private-sector employers in Hampton Roads: 12
Estimated annual impact of EVMS alumni in Hampton Roads: $446 million*
Value of charitable services, including uncompensated care: $63 million
Economic ripple effect from EVMS activities: $655 million
Additional jobs generated locally because of EVMS economic ripple effect: 4,900

* includes ripple effect

EVMS activities generate an estimated ripple effect on the local economy of $655 million
Facilities

EVMS has modern facilities for education, research and patient care. The school has made significant capital investments in the last decade. In the spring of 2018, EVMS began construction of a new education and academic administration building that opened in late 2020.

The recent renovations at EVMS and elsewhere in the Eastern Virginia Medical Center have made space for two large lawns and adjoining areas to relax and enjoy the outdoors.

EVMS facilities include:
