During the pandemic, medical and health professions students like Parth Contractor, (MD Class of 2024) have volunteered at vaccination clinics throughout the region.
Eastern Virginia Medical School/EVMS

EVMS enjoys a unique relationship with the people of southeastern Virginia, an area known as Hampton Roads. It began when community leaders created EVMS in 1973 to address the region’s serious shortage of physicians. Today, the relationship is stronger than ever as EVMS continues to safeguard the community’s health.

For instance, EVMS has added and enlarged educational programs to keep pace with the region’s growth. Similarly, the school’s clinical and research missions are tailored to address the health issues that confront the people of Hampton Roads. EVMS researchers and physician-scientists work together to rapidly translate laboratory discoveries into new treatments to help patients.

Given EVMS’ deep roots in the community, it’s no surprise that students, faculty and staff embrace the school’s commitment to service. Community service is a part of the school’s DNA and “service learning” is now an integral part of the medical school curriculum, encouraging future health professionals and healthcare providers to adopt a lifelong commitment to service.

On the following pages, you will learn more about the breadth and depth of the EVMS impact in this community and beyond.

EVMS BY THE NUMBERS

Community engagement hours provided by 603 student volunteers in FY 2020: 15,526

Journal articles, books and book chapters authored by EVMS faculty: 684

Number of current medical and health professions students: 1,312

Number of student applications received: 10,768

Medical residents, interns and fellows training in 39 educational programs: 394

Patient appointments: 444,300

Total annual budget: $277.8 million

State appropriations: $31.2 million

Active grants and contracts: 226

Statistics presented in this booklet are from fiscal year 2021 unless otherwise noted.

**EVMS Mission**

Eastern Virginia Medical School is an academic health center dedicated to achieving excellence in medical and health professions education, research and patient care. We value creating and fostering a diverse and cohesive faculty, professional staff and student body as the surest way to achieve our mission. Adhering to the highest ethical standards, we will strive to improve the health of our community and to be recognized as a national center of intellectual and clinical strength in medicine and health professions. Our commitment to ensuring institutional effectiveness is demonstrated by the continuous assessment processes we use to improve program performance and student learning outcomes.

**Our Vision**

Eastern Virginia Medical School will be recognized as the most community-oriented school of medicine and health professions in the nation.

**EVMS Board of Visitors**

The Board of Visitors is the governing body of EVMS. Members are appointed by the governor, both houses of the state legislature, the cities that support the school and the EVMS Foundation.

- Bruce D. Waldholtz, MD
  - Rector
- Hon. Paul D. Fraim, Esq.
  - Vice Rector
- Betty B. Bibbins, MD ’82,
  - Secretary
- Rear Adm. Robert J. Bianchi, (Ret.)
  - Treasurer
- Chester M. Hart Jr.,
  - Assistant Treasurer
- Sarah M. Bishop
- Lisa S. Chandler
- Guy R. Fridell III, Esq.
- Sharon S. Goodwyn, Esq.
- Conrad M. Hall
- Hon. Daun Sessoms Hester
- Phillip H. Hucles, Esq.
- Naved A. Jafri, MD ’96
- W. Ashton Lewis Sr.
- Keith H. Newby, MD ’90
- Blythe A. Scott, Esq.

**EVMS Foundation Board of Trustees**

The EVMS Foundation supports the medical school. The board includes a cross-section of leaders from healthcare, business and the community.

- Shirley C. Baldwin, Chair
- Mark B. Dreyfus, Treasurer
- Stephen M. Snyder, Secretary
- Clyde T. Clark Jr.
- Andrew S. Fine, Esq.
- Steven D. Fredrickson
- Dawn S. Glynn
- Robert C. Goodman, Esq.
- Andrew C. Hodge
- Christopher D. Kastner
- Kirkland Kelley, Esq.
- Patricia Y. King, MD
- Edward L. Lilly, MD
- Mark D. Manion
- B. Thomas Mansbach, Esq.
- Darleen Mastin
- Vincent J. Mastracco Jr., Esq.
- Vandana A. Patel, MD
- Robin D. Ray
- Deborah B. Russell
- Louis F. Ryan, Esq.
- Jane R. Short
- Charity A. Volman
- Lewis W. Webb III, Esq.

EVMS is among the nation’s **top third of medical schools in student diversity**, according to the latest ranking from U.S. News and World Report. EVMS also was among 12 medical schools with the **highest representation of African Americans** in 2020-2021.
“The professors at EVMS are amazing. That’s something that’s really surprised me -- professors I can go to for encouragement and advice.”

Oluwatobi “Tobi” Akande, MD Class of 2024

**Senior Leadership**

Alfred Abuhamad, MD, Interim President and Provost of EVMS, Dean, School of Medicine

Linda R. Archer, PhD, Vice Dean, Graduate Medical Education

L.D. Britt, MD, MPH, Vice Dean, Clinical Affairs

C. Donald Combs, PhD, Vice President, Dean, School of Health Professions

Brant M. Cox, MBA, Vice President, Chief Operating Officer; Interim CEO, EVMS Medical Group

Ronald W. Flenner, MD (MD ‘89), Vice Dean, Academic Affairs

Mekbib L. Gemeda, MS, Vice President, Diversity and Inclusion

Helen S. Heselius, CPA, Vice President, Administration and Finance

Connie McKenzie, MSW, Vice President, Development and Alumni Relations

Elza Mylona, PhD, MBA, Vice Provost, Faculty Affairs and Institutional Effectiveness

Stacy R. Purcell, JD, MHA, Vice President, General Counsel

William J. Wasilenko, PhD, Vice Dean, Research

- Preceptors (mentors not on faculty): 679
- Emeritus faculty: 47
- Adjunct faculty: 50

Figures are current as of Oct. 1, 2021
EVMS educational programs are tailored to meet the workforce demands of the region, the state and the nation.
Education

EVMS attracts applicants from across the country who seek out the school’s collaborative environment and share the institution’s commitment to community service.

In addition to the MD program, the school offers training in a growing number of health professions. EVMS also trains medical school graduates in their chosen specialty, provides sub-specialized fellowship training and sponsors ongoing Continuing Medical Education.

Graduate Medical Education (Residency Training)

Once they graduate from medical school, new physicians must go through at least another three years of training in their chosen specialty. The duration of this residency varies from specialty to specialty. EVMS hosts 394 residents in 40 Residency, Fellowship and Internship programs.

Combined Internal Medicine/Geriatrics
Dermatology
  Pediatric Dermatology Fellowship
Emergency Medicine
  Academic Fellowship
  Global Fellowship
  Medical Services Fellowship
  Ultrasound Fellowship

  Critical Care Fellowship
  Plastic Surgery Integrated Residency
  Vascular Surgery Integrated Residency
  Vascular Surgery Fellowship
Urology
  Adult & Pediatric Genitourinary Reconstructive Fellowship

Teaching Affiliates

EVMS does not own a hospital. Instead, the school has established working relationships with healthcare facilities across the region where student and medical residents learn in a variety of clinical settings. In addition to the major facilities listed below, EVMS also has teaching affiliations with approximately 150 private practices and 10 additional clinical facilities throughout Hampton Roads.

Beth Sholom Village [Virginia Beach]
Bon Secours DePaul Medical Center [Norfolk]
Bon Secours Maryview Medical Center [Portsmouth]
Chesapeake Regional Medical Center
Children’s Hospital of The King’s Daughters [Norfolk]
Naval Medical Center Portsmouth
Riverside Behavioral Health Center [Hampton]
Riverside Rehabilitation Institute [Newport News]
Sentara Careplex Hospital [Hampton]
Sentara Leigh Hospital [Norfolk]
Sentara Norfolk General Hospital
Sentara Obici Hospital [Suffolk]
Sentara Princess Anne Hospital [Virginia Beach]
Sentara Virginia Beach General Hospital
Veterans Affairs Medical Center Hampton
Continuing Medical Education (CME)
Educational activities sponsored by Continuing Medical Education (CME) help physicians maintain competence and skills to provide the highest level of patient care in the Hampton Roads area. The EVMS CME office has received the highest level of accreditation, with commendation, from its accrediting body.

<table>

Medical Modeling and Simulation
EVMS was among the first medical schools in the country to use “standardized” patients — trained individuals who portray patients — to teach students how to perform clinical exams and how to communicate effectively with patients. With the establishment of the Sentara Center for Simulation and Immersive Learning at EVMS, the school continues to be an innovator in developing new ways to use technology to teach common medical procedures and to provide students with a safe environment in which to practice and perfect their technique. The simulation center is accredited by the Society for Simulation in Healthcare.

The center has logged more than 75,000 hours of simulation training with 28,125 learners — both from EVMS and other institutions locally.

The center also works offsite with 85 external clients, including other medical schools.

The center offers life-support courses, with 19,354 students certified in basic and advanced lifesaving training.

Staff includes 23 full-time and 145 other employees, including standardized patients and life-support instructors.

Accreditation
Below are the major agencies that accredit educational programs and activities at EVMS.

Commission on Colleges of the Southern Association of Colleges and Schools
Liaison Committee on Medical Education
Accreditation Council for Graduate Medical Education
Accreditation Council for Continuing Medical Education

Student Demographics

Medical Doctor 2021 Entering Class

| Total students (8,878 applicants) | 151 |
| In-state | 77 |
| Out-of-state | 74 |
| Hampton Roads | 39 |
| Male | 73 |
| Female | 78 |
| Underrepresented Minorities* | 32 |
| Average GPA | 3.65 |
| Average MCAT | 512 |

**Tuition**

*For initial year only; does not include fees or other costs*
In keeping with the institution’s community-focused mission, much of the research EVMS scientists and physicians conduct is driven by the region’s pressing health needs.
Research

EVMS strives to enhance its research enterprise in order to improve the health of the people of Hampton Roads and beyond. EVMS carries out focused research in several specialty centers, including:

Biorepository
A College of American Pathology accredited program to acquire, process and share bio-specimens for research.

Center for Integrative Neuroscience and Inflammatory Diseases
Conducts basic and translational research in movement disorders and neurocognitive decline.

Leroy T. Canoles Jr. Cancer Research Center
Dedicated to translational research studies that lead directly to improved care and new biomarkers.

Center for Women and Infant Health Equity and Advocacy
Focused on reducing health disparity for mothers and their children by focusing on clinical practice quality and safety using epidemiological and effectiveness data to drive guidelines and policy.

EVMS-Sentara Collaborative Integrated Neurodegenerative Disorders Center
Conducts multidisciplinary, patient-oriented clinical and basic research to improve the understanding and treatments of Alzheimer’s Disease, Parkinson’s Disease and other aging-related neurodegenerative disorders.

Clinical programs with community outcomes
The Glennan Center for Geriatrics and Gerontology and the Community Health and Research division of Pediatrics conduct research on the special needs of the community.

CONRAD
The center focuses on prevention of sexually transmitted diseases in developing countries.

EVMS-Sentara Healthcare Analytics and Delivery Science Institute
Conducts collaborative epidemiological research to improve population health management and healthcare delivery.

Clinical Research Center
Conducts research in menopause, infertility, contraception, pre-implantation genetic diagnosis and more.

National Center for Collaboration in Medical Modeling and Simulation
A joint project of EVMS and public/private partners works to improve patient care through simulation-based training.

Technology Highlights

US patents and applications: 68
Licenses: 14
Licensing & royalty income: $49.75 million

Figures reflect active metrics, current as of July 1, 2021

Strelitz Diabetes Center
Conducts a broad range of research focused on minimizing complications of diabetes and developing new treatments to prevent or reverse Type 1 diabetes.

George L. Wright Jr. Center for Biomedical Proteomics
Provides state-of-the-art mass spectrometers and analytical tools for biomarker discovery & proteomic disease analysis.

In addition to the centers, many departments also conduct research in a myriad of areas, including:

Complement and inflammation modulation
Ear, neck and head disorders
Emergency medical treatments
Health disparities
Infectious disease and immunology
Maternal-fetal medicine, general obstetrics, gynecology and urogynecology
Psychiatric and behavioral disorders
Pediatric diseases, genetics, neonatology
Surgical procedures
Urologic disorders

Basic, Translational & Clinical Research

Active grants and contracts: * 226
Annual funding: $18.9 million
NIH primary funding: $5.7 million
NIH primary awards: * 22
NIH secondary awards: * 34

* These numbers represent research begun in FY 2021 and existing research that continued during that time.

Research Publications

Scholarly activity is one measure of an institution’s research output. Researchers typically submit their study results to peer-reviewed publications so that colleagues everywhere can keep pace with the latest discoveries and developments. Below are figures related to articles and publications authored by EVMS faculty.

Journal articles: 684
Books and book chapters: 21
EVMS faculty members not only train students and medical residents, they provide world-class medical care to more than 1,600 people every day.
Patient Care
EVMS full-time physicians and EVMS-affiliated physicians and healthcare providers care for patients in locations throughout the region. Many are sought after by patients near and far in search of the best-available care and innovative treatments.

Some of the care is unique. For instance, EVMS specialists are the only ones in the region to provide care for women experiencing high-risk pregnancies.

EVMS Medical Group
More than 150 full-time physicians and 40 physician extenders are affiliated with EVMS Medical Group, a not-for-profit physician group supporting EVMS. In addition to their duties as teachers and scientists, these physicians and surgeons care for more than 1,600 people every day at 29 clinical practice sites.

Community

Established through a grassroots campaign, EVMS was founded by the community for the community. So it should come as no surprise that EVMS enjoys a special connection with the people of Hampton Roads.

Faculty, students and staff strive daily to fulfill the school’s vision to be the nation’s most community-oriented school of medicine and health professions.

COVID-19 temporarily curtailed many EVMS community initiatives. But despite those restrictions, 603 EVMS student volunteers provided more than 15,526 hours of community engagement during the last fiscal year. That includes 5,799 registrations for different events hosted, sponsored or organized by EVMS.

Among the activities during the fiscal year were educational lectures, telehealth sessions with Street Health, HOPES Free Clinic (the first student-run free clinic in Virginia) and Medical Spanish, vaccination efforts, Health Science Academy and many others.

Community-Engaged Learning initiatives such as Beat of My Heart comforted older adults by hosting music bingo sessions, while other initiatives like Beyond Clinic Walls organized an online Expo to connect the providers of services and goods for independent living with potential caretakers and populations.

Among the longest-running initiatives is the Medical & Health Specialties Program at Norfolk’s Maury High School. The program brings high school students with an interest in a career in health or medicine to the EVMS campus on a regular basis.

One of the school’s newest initiatives is the EVMS Health Sciences Academy, an immersive, two-week experience that introduces participants to a range of career tracks in medicine and healthcare. The program, supported by donors, includes hands-on activities, such as opportunities for students to learn more about ultrasound technology.

“I think the donors are really changing our lives because we are able to see what we like, and it’s opening up the doors to our futures.”

A high school student in the donor-supported EVMS Health Sciences Academy that exposes youth to careers in the health professions.
EVMS opened in 1973 with just 27 students. Today, there are nearly 1,400 students in 20+ programs designed to meet the workforce needs of the community.
Financial Overview
EVMS is a state-assisted, independent, community-based medical school. Unlike most medical schools, EVMS does not own a hospital and is not part of a larger university system.

EVMS has seen steady growth in the last several years. The school continues to enjoy strong support from business, organizations and individuals who appreciate its value to the community.

“[EVMS] is a true success story. And it’s a community success besides because so many people from the community and the cities are involved. It’s a group of people coming together for a very vital task and doing some very good things.”

Economist James Koch, PhD

Economic Impact

When noted regional economist James Koch, PhD, last reported on his evaluation of the school’s economic imprint on the region in 2017, he found that EVMS-related economic activity grew at more than twice the pace of the region in the last five years. He estimated the school’s annual impact at $1.2 billion, a 21.4 percent increase from just five years earlier.

Facilities

EVMS has modern facilities for education, research and patient care. The school has made significant capital investments in the last decade. Recent renovations at EVMS and elsewhere in the Eastern Virginia Medical Center have made space for two large lawns and adjoining areas to relax and enjoy the outdoors.

EVMS facilities include:
