

Department of Obstetrics and Gynecology Student Log Book

Student Name: _____

Rotation Block Number: _____

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
1. The student will develop competence in the medical interview and physical examination of women and will incorporate ethical, social, and diversity perspectives to provide culturally competent health care.	Perform pelvic exam (including speculum and bimanual examination)	P	O		
	Conduct, record, and present OB new patient H&P	P	O, I		
	Perform Pap smear	P	O		
	Perform cervical cultures (STI screening)	P	O, I		
	Conduct, record, and present GYN new patient H&P	P	O, I		
	Cultural Interview Activity _____ _____	O,P	O, I		
2. The student will apply recommended prevention strategies to women throughout the life span.	Annual (well-woman) exam	P	O		

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
3. The student will recognize his/her role as a leader and advocate for women.	One of the following (circle): <ul style="list-style-type: none"> • Domestic violence screening • Teen pregnancy • Delayed diagnosis due to uninsured/underinsured status • Other: _____ _____ _____ 	P	O,I		
4. The student will demonstrate knowledge of preconception care, including the impact of genetics, medical conditions, and environmental factors on maternal health and fetal development.	One of the following (circle): <ul style="list-style-type: none"> • Preconception care • 1st trimester care • Prenatal diagnosis 	P,O	O,I		

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
5. The student will explain the normal physiologic changes of pregnancy, including interpretation of common diagnostic studies.	New OB prenatal care visit	P	O,I		
	Routine prenatal care follow-up visit	P	O, I		
6. The student will describe common problems in obstetrics.	Diabetes in pregnancy	P	O, I		
	Preeclampsia/eclampsia	P	O,I		
	3 rd trimester bleeding	P	O,I		
	Peripartum infection	P	O,I		
	1 st trimester bleeding	P	O,I		
7. The student will demonstrate a knowledge of intrapartum care.	Clinical course of labor	P	I		
	Perform fern and nitrazine test	P	O,I		
	Labor cervical exam	P,O	I		
	Premature rupture of membranes (PROM)	P,O	O,I		
	Preterm Labor (PTL)	P,O	O,I		
	NSVD performed (with appropriate supervision)	P	I		
	Observe Cesarean section	O	I		
	Observe perineal laceration repair	O	I		
	Delivery note	P	I		

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
8. The student will demonstrate knowledge of postpartum care of the mother and newborn.	Postpartum care/lactation	P	I		
	Postpartum lactation consultation	O	O,I		
	Postpartum hemorrhage	P,O	I		
	Postpartum note	P	I		
9. The student will describe menstrual cycle physiology, discuss puberty, and explain normal and abnormal bleeding.	Menopause/perimenopause	P	O,I		
	Abnormal uterine bleeding	P	O,I		
10. The student will describe the etiology and evaluation of infertility	Infertility	P	O,I		
11. The student will develop a thorough understanding of contraception, including sterilization and abortion.	Contraceptive counseling	P	O,I		
	Observe tubal ligation/Essure	O	I		

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
12. The student will demonstrate knowledge of common benign gynecological conditions.	Vulvar/vaginal benign disease	P	O		
	Perform wet prep and KOH exams	P	O, I		
	Fibroids	P	O, I		
	Endometriosis	P	O, I		
13. The student will formulate a differential diagnosis of the acute abdomen and chronic pelvic pain.	Pelvic pain	P	O, I		
	Ectopic pregnancy	P	O, I		
14. The student will describe common breast conditions and outline the evaluation of breast complaints.	Perform clinical breast examination	P	O, I		
15. The student will demonstrate knowledge of perioperative care and familiarity with gynecological procedures.	Observe laparoscopy	O	I		
	Insert Foley catheter	P	I		
	Demonstrate knot tying	P	I		
	GYN preoperative note	P	I		
	GYN brief operative note	P	I		
	GYN postoperative progress note	P	I		

Objective Number & Description	Patient Condition or Activity	Level of Responsibility	Clinical Setting	Alternative Experience	Supervising Clinician Signature & Date
		Performed (P) Observed (O) (if unable to complete, see alternative experience)	Inpatient (I) Outpatient (O)	Simulated Patient (SP) Case Vignettes (CV) uWise (W)	
16. The student will describe gynecologic malignancies, including risk factors, signs and symptoms, and initial evaluation.	Abnormal Pap smear	P	O,I		
	Postmenopausal bleeding	P	O, I		
	Adnexal mass/cyst	P	O,I		
17. The student will provide a preliminary assessment of patients with sexual concerns.	Take a sexual history	P	O, I
